CLOTHES PIN GAME INSTRUCTIONS

How to Play:

- Each team member should be given a clothes pin to put on a visible spot on their clothing
- Your office should then make a "rule" as to why a team member may lose their clothes pin (ex. team members cannot say a certain word or phrase)
- If a team member catches another breaking the agreed upon rule, they can take that team member's clothes pin(s)
- Set a designated time for the game to end and the team member with the highest number of clothes pins will win a prize
